

Statewide Respiratory Clinical Network

Smoking, a treatable disease – the clinician’s role Training Symposium

The Statewide Respiratory Clinical Network would like to invite you to a one day training symposium.

The symposium will provide health professionals, including medical, nursing, allied health, Indigenous health workers, general practitioners, GP practice nurses and multicultural health workers with a greater understanding of nicotine addiction and the knowledge required to treat those highly dependent on nicotine based on the latest available evidence.

Speakers:

- Adjunct Associate Professor Renee Bittoun, Director, Smoking Research Unit, Brain & Mind Research Institute, University of Sydney and consultant in the field of smoking cessation
- Dr John Baker, Psychiatrist in Sydney, New South Wales – specialist in smoking addiction
- Emma Dalglish, Team Leader, Indigenous and Tobacco Programs, Cancer Council Queensland

Date	Friday, 27 August 2010
Time	8.30am – 5.00pm
Venue	Bardon Conference Centre, Bardon
CPD Credits	A certificate of attendance will be provided for the purpose of Continuing Professional Development (CPD). Your attendance at this forum will equate to 7 hours of CPD.
